### §1.722 Damages.

(a) In a case where recovery of damages is sought, the complaint shall contain a clear and unequivocal request

for damages and appropriate allegations in support of such claim in accordance with the requirements of paragraph (c) of this section.

(b) Damages will not be awarded upon a complaint unless specifically requested. Damages may be awarded, however, upon a supplemental complaint that complies fully with the requirement of paragraph (c) of this section, based upon a finding of liability by the Commission in the original proceeding. *Provided that:*

(1) If recovery of damages is first sought by supplemental complaint, such supplemental complaint must be filed within, and recovery is limited to, the statutory limitations contained in section 415 of the Communications Act;

(2) If recovery of damages is clearly and unequivocally requested in the original complaint, by identification of the claim giving rise to the damages and a general statement of the nature of the injury suffered, such claim for damages shall relate back to the filing date of the original formal complaint if:

(i) The complainant clearly states in the original complaint that it chooses to have liability and prospective relief issues resolved prior to the consideration of damages issues; and

(ii) The complainant files its supplemental complaint for damages within sixty days after public notice (as defined in §1.4(b)) of a decision on the merits of the original complaint.

(3) Where a complainant voluntarily elects to seek the recovery of damages upon a supplemental complaint in accordance with the requirements of paragraph (b)(2) of this section, the Commission will resolve the liability complaint within any applicable complaint resolution deadlines contained in the Act and defer adjudication of the damages complaint until after the liability complaint has been resolved.

(c) In all cases in which recovery of damages is sought, it shall be the responsibility of the complainant to include, within either the complaint or the supplemental complaint for damages filed in accordance with paragraph (b) of this section, either:

(1) A computation of each and every category of damages for which recovery is sought, along with an identifica-

tion of all relevant documents and materials or such other evidence to be used by the complainant to determine the amount of such damages; or

(2) An explanation of:

(i) The information not in the possession of the complaining party that is necessary to develop a detailed computation of damages;

(ii) Why such information is unavailable to the complaining party;

(iii) The factual basis the complainant has for believing that such evidence of damages exists; and

(iv) A detailed outline of the methodology that would be used to create a computation of damages with such evidence.

(d) Where a complainant voluntarily elects to seek the recovery of damages upon a supplemental complaint in accordance with the requirements of paragraph (b)(2) of this section, the following procedures *may* apply in the event that the Commission determines that the defendant is liable based upon its review of the original complaint:

(1) Issues concerning the amount, if any, of damages may be either designated by the Enforcement Bureau for hearing before, or, if the parties agree, submitted for mediation to, a Commission Administrative Law Judge. Such Administrative Law Judge shall be chosen in the following manner:

(i) By agreement of the parties and the Chief Administrative Law Judge; or

(ii) In the absence of such agreement, the Chief Administrative Law Judge shall designate the Administrative Law Judge.

(2) The Commission may, in its discretion, order the defendant either to post a bond for, or deposit into an interest bearing escrow account, a sum equal to the amount of damages which the Commission finds, upon preliminary investigation, is likely to be ordered after the issue of damages is fully litigated, or some lesser sum which may be appropriate, provided the Commission finds that the grant of this relief is favored on balance upon consideration of the following factors:

(i) The complainant's potential irreparable injury in the absence of such deposit;

(ii) The extent to which damages can be accurately calculated;

(iii) The balance of the hardships between the complainant and the defendant; and

(iv) Whether public interest considerations favor the posting of the bond or ordering of the deposit.

(3) The Commission may, in its discretion, suspend ongoing damages proceedings for fourteen days, to provide the parties with a time within which to pursue settlement negotiations and/or alternative dispute resolution procedures.

(4) The Commission may, in its discretion, end adjudication of damages with a determination of the sufficiency of a damages computation method or formula. No such method or formula shall contain a provision to offset any claim of the defendant against the complainant. The parties shall negotiate in good faith to reach an agreement on the exact amount of damages pursuant to the Commission-mandated method or formula. Within thirty days of the release date of the damages order, parties shall submit jointly to the Commission either:

(i) A statement detailing the parties' agreement as to the amount of damages;

(ii) A statement that the parties are continuing to negotiate in good faith and a request that the parties be given an extension of time to continue negotiations; or

(iii) A statement detailing the bases for the continuing dispute and the reasons why no agreement can be reached.

**§ 1.724 Answers.**

(a) Subject to paragraph (k) of this section governing Accelerated Docket proceedings, any carrier upon which a copy of a formal complaint is served shall answer such complaint in the manner prescribed under this section within twenty days of service of the formal complaint by the complainant, unless otherwise directed by the Commission.

(b) The answer shall advise the complainant and the Commission fully and completely of the nature of any defense, and shall respond specifically to all material allegations of the complaint. Every effort shall be made to narrow the issues in the answer. The defendant shall state concisely its defenses to each claim asserted and shall admit or deny the averments on which the complainant relies and state in detail the basis for admitting or denying such averment. General denials are prohibited. If the defendant is without knowledge or information sufficient to form a belief as to the truth of an averment, the defendant shall so state and this has the effect of a denial. When a defendant intends in good faith to deny only part of an averment, the defendant shall specify so much of it as is true and shall deny only the remainder. The defendant may deny the allegations of the complaint as specific denials of either designated averments or paragraphs.

(c) The answer shall contain proposed findings of fact, conclusions of law, and legal analysis relevant to the claims and arguments set forth in the answer.

(d) Averments in a pleading to which a responsive pleading is required, other than those as to the amount of damages, are deemed to be admitted when not denied in this responsive pleading.

(e) Affirmative defenses to allegations contained in the complaint shall be specifically captioned as such and presented separately from any denials made in accordance with paragraph (c) of this section.

(f) The answer shall include an information designation containing:

(1) The name, address, and position of each individual believed to have first-hand knowledge of the facts alleged with particularity in the answer, along
